—The Canfield Transfer Co. last Saturday resumed auto-bus service between Canfield and Youngstown, making two round trips daily, and its schedule is in another column today. This makes two auto-bus lines now in operation between the Hub and metropolis, the Canfield-Youngstown Rapid Transit Co. having started in business about the first of the year.

—Manager L. I. Zimmerman of the N. E. O. N. C. base ball club has nearly completed his schedule. Two games are still open but will soon be filled. —R. A. Brown after having changes and extensive improvements made in his shoe store on Saturday last moved the large shoe stock recently purchased of J. R. Taber. This makes Mr. Brown the only shoe dealer in the village. Postmaster Taber has for some time needed more room for the postoffice and this prompted him to describe of his shoe stock. He has had the shelving torn out and the walls and ceiling are being brightened with paper and paint. The post-office boxes will be placed wedge shape in the center of the room, the general delivery window being in the center of the case directly in front of the entrance.

—An adjourned meeting of Council was held Monday night, Mayor Gee presiding and all members present except Osborn. Village Clerk Wm. Marshall having resigned because of his removal outside the incorporation, Mayor Gee declared the office vacant and named S. A. Arnold as his successor. Council promptly confirmed the appointment. A petition was received from property owners on the west side of Broad street asking that the assessment for the proposed paving of the road be made on the basis of the appraisement of 1910 instead of foot frontage, and after considerable discussion the prayer of the petitioners was granted. Resolutions providing for the paving and a storm sewer were passed under suspension of the rules. Attorney Lyons read correspondence from the South Shore Construction Co. relating to damage done to streets and crosswalks by reason of heavy hauling last summer. There is a difference of \$138 between the Council committee and the company. The matter was referred to Attorney Lyons for adjustment which will likely be by arbitration as suggested by the Construction Co. It was reported that several of the chemical fire extinguishers had been missing since the first mill fire some weeks ago. Marshall Dickson was instructed to look up the missing extinguishers, inspect all others, have necessary repairs made and change the location of three of them. Further time was granted the committee appointed to secure additional land for the cemetery and the Clerk was instructed to secure a copy of the contract between the cemetery trustees and the Mausoleum Co. Adjourned to meet May 1.
